

UCHI serves as a site of community and collaboration for humanities researchers across campus.

Through funding, fellowships, and events programming we advance scholarship at UConn to help solve the problems that face us as a university, as a nation, and as a global community.

WHAT WE DO

Offer fellowships for faculty, graduate and undergraduate students, and visiting scholars.

Fund working groups, invited talks, and other events to enrich scholarly life at UConn.

Provide life-transformative education through our undergrad advisory council & programs.

CONNECTIONS

Under the theme “**Connections and Disconnections**,” we explore the power of the humanities to create sites of communion amidst a loneliness epidemic and examine how new technologies, especially AI, challenge our existing notions of human relationships.

THIS YEAR

Investigations of AI and the human with our partners at UIR Morocco

Collaborative grant incubators

Story Slam—a student storytelling event

A new faculty working group for the Environmental Humanities Initiative
